

How do I sign up?

If you think SilverCloud could be helpful then the first step is to sign up here:

<https://liftpsychology.silvercloudhealth.com/signup/>

© 2018 SilverCloud

A LIFT Practitioner will then be in contact via telephone to discuss the programme further, answer any questions you may have and arrange a first review session.

SilverCloud is available to anyone aged 16+ who is registered with a GP surgery in Swindon

If you have any queries please contact us on:

01793 836 836

Opening times: Monday to Friday – 9:00 am to 5:00 pm

SilverCloud: Information for Patients

SilverCloud is an online CBT programme that offers support with managing stress, low mood, anxiety, as well as various long-term health conditions such as Coronary Heart Disease, COPD, Diabetes II, Long-term Pain.

Its Flexible

Access it 24/7, on your computer, tablet or mobile phone. At home, at work or elsewhere

Work at your own pace

Your supporter will provide feedback on your progress

It's easy to use

Interesting tools and activities make your experience engaging and motivating

Testimonies

"Using the journal to write down problems helped me to achieve more clarity and look at ways to help myself"

"It is refreshing to focus on the link between diabetes and depression. Its enabled me to start taking my diabetes medication regularly and has started me on the road to other help"

What is SilverCloud?

SilverCloud programmes are based on **Cognitive Behavioural Therapy (CBT)** – an effective way of learning about thoughts, feelings and behaviours and how they influence each other. SilverCloud has been **clinically tested** and the programmes have demonstrated **high improvement** rates for low mood, anxiety and stress.

Space from Social Anxiety	<input type="checkbox"/>		
Space from Stress	<input type="checkbox"/>		

How does it work?

- Each programme consists of **7–8 modules**, you will complete these **independently**, at your own time and pace. Your supporter can also unlock further modules that may be relevant for you, such as; ‘employment support’, ‘relaxation’, ‘sleep difficulties’, ‘anger management’ and ‘my self-esteem and I’.
- It is advised to complete **one module** per week, which will take around **40 minutes**. This doesn’t have to be completed in one go; SilverCloud saves your progress.
- You will have a **supporter** who is a mental health professional within the Swindon LIFT Psychology service who will **review** your progress and offer **guidance**.
- You are encouraged to **share** content such as **goals** and **activities** with your supporter.
- Your supporter will arrange review dates with you; these can be over the phone or via the Silvercloud messaging service. After your reviews have finished you can **continue** to access the programme **freely** for up to a year from the point of sign-up.
- Your supporter is there to help **guide** you through the content and help **direct** you to activities that might be helpful. They are **not** going to **tell** you what to do!
- You will be able to securely message your supporter who can read messages at your scheduled review; replies to any messages will not be instant.

Ultimately, you are in control of how you use the programme. The more you put into SilverCloud, the more you will get out of it!
